

MAGNACARESM

MagnaCare is an innovator in the health plan management industry bringing creative and cost-effective self-insurance options to the marketplace. For over 20 years MagnaCare has provided group health, workers' compensation and no-fault services to a large number of insurance carriers, TPA's, government entities and labor markets. Our comprehensive set of health plan management products and services can meet your unique needs whether you elect to utilize our provider network, administrative services, medical management or any of our other solutions, individually or together in one integrated solution.

SIMPLE SOLUTIONS.

MagnaCare is a strong business partner, administrator and network that comprises of the highest quality providers in New York and New Jersey. Our goal is to help you and your members navigate today's complex world of healthcare.

FLEXIBLE TERMS.

Efficiency is critical to the success of your plan and MagnaCare has the right combination of products and services for you to choose from, so you can create the solution that works for your organization.

COST-EFFECTIVE PLANS.

MagnaCare focuses on providing clients with high-quality, cost-effective health benefit plan solutions. We work hard every day to make healthcare more affordable to our clients.

Provider Network

Over the past 20 years we have developed an unparalleled network of the best doctors around. The MagnaCare Provider Network is designed to achieve substantial cost savings for our clients while offering access to high-quality providers.

LOCAL ACCESS - Assistance is always right around the corner with MagnaCare Access, our network of industry-leading healthcare provider locations in New York and New Jersey.

- Over 86,000 physician locations and 242 hospitals, from large teaching hospitals to community hospitals.
- Ancillary providers such as radiology/imaging centers, laboratories and home health care providers.

NATIONAL ACCESS - When members live in or travel to another state we look after them with MagnaCare National Access. We offer top-notch professionals in over 550,000 provider locations and 4,700 hospitals.

Administrative Services

Whether you require partial or full plan administration, we've got the solution. While offering broad access to a network of high-quality, cost-efficient healthcare providers, MagnaCare also serves as a single point of contact for our clients by handling all network and claim administrative workflows. All of your network needs are coordinated and administered by MagnaCare, providing a seamless process.

Services include:

- Claims Adjudication
- Claims Re-pricing
- Claims Editing/Payment
- Eligibility Management
- Member Enrollment
- ID Card Production
- Customer Services
- Provider Services
- Online access to Claims/Eligibility

MagnaCare Optionssm Family of Products

Employers deserve greater control, better value and more choices when designing and developing a health plan. MagnaCare Optionssm is a broad spectrum of solutions that can deliver quality, comprehensive and value-driven healthcare. Employers are able to design, sponsor and control benefits that are truly appreciated by their employees. All the components of the health plan are understandable, and the costs and services are clearly defined.

Product Offerings:

- **1575** – Designed specifically for employers with as few as 15 employees in New Jersey and 50 employees in New York.
- **Level Paysm** – Customizable, level-funded plan designed for 15+ life groups, no claims data needed.
- **CarePoint** – A regional New Jersey health plan designed to offer access to the Bayonne Medical Center and the MagnaCare Network, at reduced costs.
- **Summit Select** – A regional New Jersey health plan that offers access to the Summit Medical Group, with a focus on employee wellness programs designed to reduce health care costs and increase participation.

Workers' Compensation/No-Fault

We believe medical providers should receive the **same compensation** for performing the **same procedure** regardless of whether the injury occurred at home, on the job, or in a car. Over the last 15 years we have successfully built a network of over 80,000 providers that share this philosophy.

Each provider in our Workers' Compensation & No-Fault Network has agreed to accept the MagnaCare Network **proprietary group health fee schedule**, which is significantly lower than the current applicable fee schedules and/or UCR. This unique relationship allows our clients to realize up to 40% savings which is comparable to 71-73% of Medicare.

Medical Management

MagnaCare offers a full range of well-developed medical management programs to support the complex clinical cases within your health plan. We have integrated these programs with our benefit plan management and re-pricing services. Our team continuously monitors members that are managed through the program, including personal monitoring of all hospitalized patients with LOS of 7 days or greater. Our objective is to assist our self-insured client in getting the best medical care for the member, at the most appropriate level of service.

Offerings include:

- Hospital Pre-Certifications/Pre-Notifications
- Concurrent Review
- Discharge Planning
- Medical Procedure Review
- Case Management
- Disease Management

MagnaCare Rx

MagnaCare Rx, our Pharmacy Benefit Manager (PBM), manages your prescription drug benefits while controlling ever-rising prescription drug costs. MagnaCare Rx offers your organization, its members and their families:

- A comprehensive national network of over 64,000 retail pharmacies, including all of the major chains.
- Complete mail order and specialty services to complement the retail pharmacy network.
- Flexible plan designs.
- A portal for members to view benefit details, claims history and status, wellness information and formulary drugs.
- Quality clinical programs.
- Full transparency.

Evaluatesm

Keeping your costs low and the quality of member healthcare at its peak is our priority. That's why we've developed Evaluatesm, a revolutionary product that combines predictive modeling with individualized outreach programs. You can monitor the health of your organization through review of medical, lab and pharmacy claims data to identify key health issues and 'at risk' employees contributing to high healthcare costs.
